That the rates of Alabama Power Company are low may be seen from the fact that THE AVERAGE GROSS RATE PER KILOWATT HOUR PAID BY THE CUSTOMERS OF ALABAMA POWER COMPANY FOR ALL CLASSES OF SERVICE IN 1927 WAS BUT 1.2457 CENTS PER KILOWATT HOUR.

Alabama's Average

Electric Rate— $1\frac{1}{4}$ c

quality of its electric service is good, and the cost

Alabama Power Company has 16 standard rates

applying to various classes of electric service. To

analyze such a number of rates is obviously impos-

eveals the true status of the rate schedule, irre-

spective of what may result in a comparison of rates

at certain points or in certain schedules or classifica-

However, the average rate per kilowatt hour

In 1927 Alabama Power Company produced and sold to the public in Alabama a total of 1.050,107,427 kilowatt hours, for which its customers paid a total of \$13,079,600.02, or 1.2457 cents per kilowatt hour. OUT OF THIS 1,2457 CENTS PER KILOWATT HOUR THIS COMPANY PAID ALL COSTS OF GENER-ATION AND DISTRIBUTION OF ENERGY TO ITS CUSTOMERS, INCLUDING IN-TEREST ON BORROWED CAPITAL IN-VESTED IN ITS PLANTS AND SYSTEM, WAGES, FUEL, TAXES, DEPRECIATION. AND OTHER OPERATING COSTS.

pany have been maintained while wages, taxes, the cost of money, materials, and every other item entering into this Company's service to the public, have

If the constantly increasing demand for power and Alabama's remarkable industrial development in the past 16 years-the hydro power period-are true gauges of advancement, it would appear that the vailability of power in quantity and at low rates has been an important factor in Alabama's progress.

All rates and service regulations of Alabama Power Company have been approved by Alabama Public Service Commission, and are on file with the Commission and at each of the Company's offices, where they are open to inspection by the public upon request.

New Lilliston

The New

Improved Lilliston The All-Steel Royal Baler

MANY NEW FEATURES

The 1928 Lilliston possesses many important and outstanding features not found in any other Picker today An Increase of 25 per cent Picking Capacity.

New All-Metal Screen that will last the life of the machine.

Roller Bearings on High Speed Shafts.

Wider Picking Space of Improved Design.

The fact that about 98 per cent of all Pickers sold in Coffee County is within itself one of the conclusive demonstrations of their quality and performance which persist foremost.

More Peanuts per day — higher grade FREE from any stems, pops or dirt - cleaner hay - are just a few added reasons why THEY prefer the LILLISTON

THE PREFERENCE OF MORE THAN 98 Per Cent of the BUYERS

Ask the man who used the ROYAL PRESS. He will be quick to tell you there is nothing else so convenient - dependable and long lasting. The ROYAL JR., ALL-STEEL Press is quick to set up no take down to begin operating. The Hay passes out of the rear without any interferance with its opera-

Come and look over one of the ROYALS today, you will immediately appreciate why they are so broadly used and recommended by those who really appreciate QUALITY built along with performance.
